SUNDAY WORLD WANTS WORK MONDAY MORNING WONDERS.

A. F. OF L. INDORSES
TELEGRAPH STRIKE;
FOR 44-HOUR WEEKCommittee to See Burleson
and Ask Concessions for
Keymen.

ATLANTIC CITY, N. J., June 22.—Indorsement of the Commercial Telegraphers' strike was unanimously voted to-day by the American Federation of Labor. The convention also went on record in favor of a 44-hour week for labor generally and directed the Executive Council to work for that end.

A resolution adopted on the subject of the wire strike directed the appointment by President Gompers of a committee to go to Washington to confer with Postmaster General Burleson and ask that concessions recently granted telephone and electrical workers be extended to include employees of the telegraph companies under Government control. Such extension, it was declared, would result in the ending of the strike.

Other resolutions adopted, protesting against the employment of ex-soldiers in uniform as policemen in the Toledo, Ohio, strike, advocated payment by railroad companies for all improvements put upon their lines during Government control, and asked the removal of regulations prohibiting railroad employees from engaging in politics, on the ground that Director General Hines's order on the subject "deprived Americans of rights guaranteed by their citizenship."

The convention turned down a resolution introduced by delegates from Seattle which would have put the American Federation of Labor on record as in favor of prohibition.

Resolution denounced "deplorable conditions" in the railway mail service and asked that Congress pass laws providing for a standard day for railway mail clerks.

GIVES FOUR REASONS
FOR REFUSING ALIMONY

Wife Won't Cook, Give Him a Bed
or Bed Linen and Chased
Him Out, Says Contractor.

Hyman Goodman, a building contractor, said to have an income of \$5,000 a year, told Supreme Court Justice Donnelly to-day that his wife Rose refused to cook for him.
Refused him a place to sleep.
Refused to change his bed linen.
Ordered him out of the house.
Goodman told his story in opposing a motion of his wife for alimony and counsel fees pending trial of his separation suit.
"I have no desire to burden the court with a recital of the mental anguish and physical pain I have suffered at the hands of this woman," he said.
"When I returned to my home out of pity for my four children, she demanded to know what I wanted and then ordered me to beat it."
Justice Donnelly reserved decision.
